GOV. FORT INAUGURATED

Trenton, N. J., Jan. 21.—The inauguration of John Franklin Fort as governor of New Jersey took place in Taylor's Opera House at noon today, in the presence of the members of both branches of the legislature and a large number of people. The oath of office was administered by Chief Justice Gummere. The great seal of the state was formally handed to Governor Fort by the retiring governor, after which Governor Fort delivered his inaugural address. At the conclusion of the ceremonies, Governor Fort, Ex-Governor Stokes and other chief participants in the ceremonies were entertained at luncheon by a joint committee of the legislature. There was no inaugural parade.

WIPE OUT THE DIVES

Louisville, Ky., Jan. 21.—In the opinion of representatives of the liquor interests throughout the country, gathered here in national conference today, the most effective step that could be taken to check the wave of temperance reform now sweeping the country, would be for the liquor dealers themselves to unite to wipe out the "dives" and disreputable saloons that are objectionable to the community. The liquor men, including distillers, brewers, wholesale and retail dealers, are alarmed over the rapid increase in the prohibition area and aware that something must be done to immediately check the public hostility toward the liquor traffic in general. The present conference which will be in session two days, meets under the auspices of the "Model License League." It is made up of prominent members of the wine, whiskey, beer and collateral trades throughout the country, and as its name indicates, has for its object the framing of a "model license law" that would satisfy the public, by placing the liquor traffic under better control.

DAIRYMEN AT BISMARCK.

Bismarck, N. D., Jan. 21.—Bismarck extended a hearty greeting to the many visitors assembled here for the State Dairymen's convention. The program of the convention covers three days and provides for the discussion of many questions relating to the industry. Foremost among the speakers to address the gathering are Governor Burke, W. C. Galbraith, Commissioner of Agriculture of North Dakota, E. J. Slater, Dairy Commissioner of Minnesota, and J. H. Fargo.

OHIO LUMBER DEALERS.

Columbus, O., Jan. 21.—More than 1,000 lumbermen of prominence were present today at the opening of the twenty-sixth annual convention of the Union Association of Lumber Dealers. They represented the trade throughout Ohio, Western Pennsylvania, West Virginia and Eastern Kentucky. A number of important questions are slated for consideration at the convention, which will be in session two days.

'PHONE MEN COVENE

Chicago, Jan. 21.—The annual convention of the International Independent Telephone Association opened in Chicago today, in conjunction with the Electrical Show, now being held in the Coliseum. Mayor Busse welcomed the delegates to the convention, and the response was by M. L. Clawson of Indianapolis. President Theodore Gary of Macon, Mo., delivered his annual address, and reports were presented by the other officers. The convention will remain in session until Friday. The officials of the association deny the possibility of a working agreement between the independent interests and the Bell company.

INAUGURAL OF NOEL

Jackson, Miss., Jan. 21.—The inauguration of E. B. Noel as governor of Mississippi today was one of the most brilliant events of its kind ever seen here. Great crowds began arriving yesterday and last night, and every train this morning brought in large additions. The inaugural ceremonies were preceded by a large military and civic procession, in which the state militia participated in full force. Governor Noel's inaugural address, delivered in the presence of members of the legislature and many other people, dealt almost exclusively with matters pertaining to the state.

CATTLEMEN IN DENVER.

Denver, Col., Jan. 21.—The attendance at the opening of the eleventh annual convention of the American National Livestock Association here today was fully up to the most sanguine expectations. The number and prominence of the delegates combine to give promise of one of the most important meetings in the history of the association. The opening session was presided over by President Murdo McKinzie and was devoted almost wholly to routine business. Tomorrow and Thursday will be devoted to addresses by men of prominence, and the general discussion of questions concerning the livestock industry, including transportation, markets and the public lands and forestry reserve problems.

BROKE OPEN PASTOR'S DESK.

Yesterday morning Rev. J. B. Turrentine discovered that some person or persons had entered the study of the Methodist Church and broke open the pastor's roll top desk. This was done by inserting something under the cover and prizing the lock. The missing book was missed by Rev. Turrentine, and the object of the intrusion is a mystery. The incident is most astonishing in a community where a house breaking has been until lately most infrequent.

Y. M. C. A. AUSPICES.

Miss Elizabeth Pickens, violincellist; Calvin De Voll, violinist; Ethel Ritchie, pianist, and Mary L. Powell, reader and story teller, will appear at Carnegie Hall Thursday night under the auspices of the Allen Academy Y. M. C. A., and a splendid entertainment is assured. Seats on sale at Haswell's and Cavitt's.

TEXAS HARD- WARE DEALERS

Dallas, Texas, Jan. 21.—The tenth annual convention of the Retail Hardware Dealers and Implement Association of Texas, which assembled today in this city, is the largest meeting in point of attendance ever held by the association. Leading members of the trade from every quarter of the state filled the auditorium of the Commercial Club when the convention was called to order by President W. A. Spangler, of Bonham. The initial session was given over to the exchange of greetings, the reports of officers, committee appointments and other work of a routine character. The proceedings are to continue three days, during which time a number of problems of vital interest to the trade are to be discussed and acted upon. Foremost among the matters to receive attention, are the proposed parcels post law, the law passed by the last legislature imposing a gross receipts tax on pistols, and the proposition of manufacturers to change the times of making their annual collections from October to July.

TO CHANGE RATE LAW

Raleigh, N. C., Jan. 21.—Pursuant to the call issued by Governor Glenn two weeks ago, the General Assembly of North Carolina met in extra session today to consider and take action on the railroad passenger rate law passed at the last session. This law fixed a flat rate of 2 1/4 cents a mile. It is the view of the governor and his counsel, after a thorough investigation of the conditions, that it would be more equitable to all concerned to increase this rate to 2 1/2 cents a mile. In return for this modification of the law, the railroads are expected to make desirable concessions in the way of interstate rates and interchangeable mileage books.

THE FOWLER BILL.

The Eagle has heretofore made mention of the fact that Mr. Fowler, chairman of the House Committee on Banking and Currency, has introduced a bill, the objects of which are to guard against the recurrence of financial panics by providing for an elastic currency, and to guarantee all deposits and note issues. It provides for the location of bank note redemption agencies, so numerous and so distributed, that every national bank shall be within twenty-four hours of one of them. The banks tributary to each agency shall organize bank note redemption districts, each having a board of seven managers elected by the banks, each bank having one vote. Each board shall elect a chairman who shall be, ex-officio, a deputy comptroller of the currency, and shall receive a salary of \$6,000 per year. He shall have in his district the authority of the comptroller, and shall act as receiver in cases of any failure in his district. The board of examiners is to meet monthly, and one important part of its duties is to appoint and direct as many bank examiners as may be necessary in the district.

Provision is made for each bank to retire its bond-secured note circulation, after which it may issue "national bank guaranteed credit notes," equal to its paid-up capital, without depositing United States bonds. Satisfactory arrangements being made for the redemption of such notes in gold coin or its equivalent. Any bank may issue these credit notes in excess of its capital, provided the board of managers gives its approval. Every bank is required to have on deposit with the national treasurer, gold coin equal to 5 per cent of its circulation. When the total of these deposits amounts to \$25,000,000, the bonds now on deposit to secure circulation will be returned to the banks to which they belong, and thereafter banks holding government deposits shall pay two per cent interest thereon. Banks are also required to pay, semi-annually, 1 per cent upon the average amount of notes in circulation.

The 5 per cent gold deposited, the 5 per cent paid on note-issues, the interest on government deposits, and the two per cent paid on national bank guaranteed credit-notes, in cir-

ulation, will constitute a general guarantee fund to secure individual deposits, bank notes, bank deposits and government deposits, and to pay all expenses of maintaining the bank note redemption agencies, the expense of bank examinations and the expenses of members of the boards in the discharge of their official duties.

Eighty per cent of the guaranty fund is to be invested in United States bonds, and the other 20 per cent with the various redemption agencies. The guaranteed credit notes are to be received in payment of all dues to the United States and also in payment of obligations of the United States for salaries debts and other demands. All banks will be required to receive them on deposit and for all debts and liabilities.

Banks not located in a reserve city are required to keep on hand lawful money equal to at least 25 per cent of their guaranteed credit notes in circulation. Those in the reserve cities must keep on hand not less than 15 per cent of such circulation. This provision, however, is modified by a proviso allowing banks not in a reserve city to keep 4 per cent of their reserves in cash deposits in a reserve city, and banks doing business in reserve cities may keep 7½ per cent of their reserve funds in a central reserve city.

The amount deposited with the United States treasurer shall be considered a part of the reserve fund and each bank shall receive interest for its deposit at the rate of one per cent per annum.

Upon going out of business, a bank must pay all its liabilities in full before it can receive back its advance made to the guaranty fund. One-tenth of the loss resulting from a bank failure shall be borne by the banks in the district to which it belongs, pro-rated according to their respective deposits and note issues; and the other nine-tenths shall be borne by the general guaranty fund.

After the first day of January, 1909, no bank will be allowed to pay out bond-secured bank notes, but all such are to be sent to the national treasurer for cancellation. Banks are forbidden to count as a part of reserve guaranteed credit notes.

Provisions are made for banks to act as trustee, guardian or administrator, and for accepting savings bank accounts.

Banks are forbidden to pay a higher rate of interest than two per cent on monthly balances, to issue demand time certificates for a shorter period than three months and to transfer said certificates or savings bank accounts to commercial accounts.

Deputy comptrollers are required to report to the comptroller all viola-

tions of law, and all prosecutions are to be under his direction.

There are some other less important provisions, chiefly matters of detail. In its entirety the measure seems to be the result of careful study and a thorough knowledge of the situation.

FIVE HUNDRED FRAUS.

Latest Escapade Eloping With Pastry Cook's Wife.

Chicago, Jan. 21.—Mrs. Amelia Jaeger, who conducts a roominghouse in Chicago, can claim one five-hundredths part of the affection of Dr. George A. Withoff, whose career of polygamy has just been revealed by his arrest at Bristol, England. For a brief period she was, or supposed she was, Mrs. George A. Withoff. Then she lost, she says, not only the fractional part of Withoff's love which she possessed, but also \$500 which carelessly she had left on her chiffonier.

Like most of the other 499 brides, Mrs. Jaeger wishes the multifarious bridegroom could be released from custody just long enough for her to have a short chat with him.

"I would just like to meet him," she said, with some fervor. "I feel like I could pull his heart out."

Mrs. Jaeger is forty-seven years old. She had been a widow fourteen years when in 1905 she met Withoff, then known as Anton Dobler. As soon as he learned she had money in the bank he is said to have begun an ardent courtship. They were married on Aug. 30, 1905, and five days later Withoff disappeared along with the \$500 which his bride had drawn from a savings bank to start him in the saloon business. He was said to have eloped to New York with Mrs. Adam Hehrle, wife of a pastry cook.

FOUND FLOATING IN LAKE

Corpse of Woman at Foot of a Chicago Street.

BODY NEARLY HEADLESS.

Utter Absence of Wearing Apparel Is Believed by the Police Department to Establish the Fact That the Victim Was Foully Murdered.

Chicago, Jan. 21.—Floating in the lake at the foot of Sixtieth street, the body of a woman has been found. The body was almost headless and there was no clothing. An attempt will be made at once to ascertain whether she drowned or was thrown into the water after being murdered. The lack of clothing is believed to indicate murder.

Two clean cuts were found directly under the heart. These cuts, the police assert, could not have been made by the ice or anything other than a knife or some sharp instrument. A gash nine inches long was also found across the abdomen.

A few strands of blonde hair were found on the back of the neck. The body, weighing about 135 pounds, had probably been in the water for two months. It is estimated that she was about five feet four inches in height and between twenty-five and thirty-five years old. The hands are small and the muscles soft, which leads the police to believe that the woman was of the leisure class.

MODEL LICENSE LEAGUE.

First Annual Session Being Held at the Metropolis of Kentucky.

Louisville, Jan. 21.—The Model License league opened its first annual session in the winter garden of the Seelbach hotel with a good attendance of delegates present from many parts of the United States. The object of the convention is the adoption of a liquor license law and inauguration of a campaign for the enactment by the various legislatures and city governments of a law for the purpose of the elimination of low saloons, removal of saloons from politics by placing proprietors out of reach of "bosses" and number of saloons to conform to a certain standard of population. Delegates include legislators, brewers, distillers, state and city officials and publicists. The opening session was devoted mainly to welcoming addresses and explanation of the proposed model law.

DEATH OF D. P. COLE.

An Honored Citizen of Brazos County Answered the Final Summons Last Evening.

The Eagle received a telephone message last night announcing the death of Mr. D. P. Cole at his home at Coleview, east of Bryan, last night about 7:30 o'clock. The end was not unexpected, Mr. Cole having been in a critical condition for several days.

Mr. Cole had been a sufferer from partial paralysis for several years, and had traveled extensively for his health, but with only temporary benefit. The immediate cause of his death was probably an attack of the grip, from which, in his weakened condition, he was unable to rally. He was a patient sufferer, gentle and kind in his manner, and a more upright and honorable man has not honored Brazos County with his citizenship. Before ill health overtook him he was a man of unusual energy and activity, and made a competence for himself and family. He was a successful farmer and a true type of the christian gentleman. He was a member of Brightlight Free Baptist church, situated near his home.

Mr. Cole was a native of Cass county, Texas and nearly fifty years old. He was raised in Brazos county and a resident for more than forty years. He married Miss Alice Hunter and his wife and five children survive him. The latter are Mr. Thurston Cole of this city, Noah and Roscoe Cole, Miss Sunshine Cole, a teacher in the Bryan city schools, and Miss Myrtle Cole. He also leaves his parents, Mr. and Mrs. F. J. Cole, and one sister, Mrs. M. G. Buchanan, all residents of the Coleview community. The news of his death will be received with profound sorrow throughout Brazos county and by friends elsewhere. His remains will be laid to rest this afternoon at 4 o'clock, at Brightlight cemetery.

ARREST FOR CARR MURDER.

The boy claims to have seen the negro in the alley with a gun, and says he was threatened by him if he gave him away.

QUANTITY OF QUESTIONS.

Jerome Propounds Many Interrogatories Tuesday.

New York, Jan. 21.—When District Attorney Jerome resumed his cross examination of Mrs. Evelyn Nesbit Thaw Tuesday, he reverted to her European travels with Thaw in 1903 and 1904. Jerome's manner was no less aggressive than on Monday. Mrs. Thaw seemed in rather a sullen mood and answered the prosecutor's questions curtly. She said she had shown Thaw in Paris fourteen letters Stanford White had written her subsequent to events that followed meetings.

"Where are those letters?" asked the district attorney.

"I don't know."

"When did you last see them?"

"I think in Mr. Hartridge's office."

"Did you write to Stanford White from Boulogne?"

"Yes."

"One letter, or two?"

"I don't recall."

Like the direct inquiry, the cross-examination lost its effect from the repetition, no new facts having been unearthed to confront Mrs. Thaw.

"How long was it after you landed from Europe in 1906, after telling this story to Thaw about Stanford White, that you were in Madison Square Garden tower with Stanford White?" asked Mr. Jerome.

"Some time."

"Two days?"

"More than that."

"A week?"

"Yes."

"Did you tell Thaw about it?"

"Yes."

Mr. Jerome here produced a photographic copy of the famous Hummel affidavit and had witness identify the signature.

Mrs. Thaw told Monday of the burning of the original affidavit, which she declared she signed without knowing its contents. The affidavit alleged cruel treatment of Thaw during 1903. The trip abroad, when witness was asked if she told Hummel the things set forth in the affidavit or any thing like them, she replied in a positive fashion: "I most certainly did."

Mr. Littleton objected to questions concerning the affidavit, saying it was not a material issue in the case. He was overruled by Justice Dowling, who said: "Any acts of defendant are the subject of investigation in a case of this kind."

"Did Thaw ever beat you?" asked Jerome.

"No."

"Didn't you tell Stanford White that Thaw had beaten you?"

"I did not."

"What did Thaw say when you told him you heard he put a girl in a bath tub and turned scalding water on her?"

"He just laughed."

"Didn't you say Monday night he shook his head sadly and said, 'Poor little Evelyn, they have been making a fool out of you.'"

"Yes."

"Well, where did the laugh come in?"

"Afterwards, when we were talking about it."

Mr. Jerome went over in detail the former cross-examination of witness and repeated much of it. The prosecutor stood squarely facing the witness with the record book held in both hands and constantly consulted it. Mrs. Thaw asked several times to see the book herself. Once she said, addressing the court: "There is a misunderstanding, your honor, and Mr. Jerome ought to read further." Mrs. Thaw fenced continually with Mr. Jerome, telling him once he was giving a wrong impression by reading only part of the answers she made last year.

COAL CHUTES CONSUMED.

Katy Railway Sustains Tremendous Fire Loss.

Denison, Tex., Jan. 21.—The Missouri, Kansas and Texas railway was visited by the most disastrous fire in its history. The coal chutes here, the largest in the state, seven cinder cars, three loaded coal cars, sandhouse and about 1,000 tons of coal burned. The coal chutes were 400 feet in length and forty feet in height. Six engines were endangered and just barely escaped the flames. Master Car Builder Doyle thinks the loss may go to \$40,000. The fire started at 4 o'clock Tuesday morning. There is no conjecture as to how it originated. It seemed to break out simultaneously from all portions of the chutes.

UNITED MINE WORKERS.

Nineteenth Annual Convention Being Held at Indianapolis.

Indianapolis, Jan. 21.—The nineteenth annual convention of the United Mine Workers of America opened in Tomlinson hall, 1,000 delegates, representing anthracite and bituminous coal districts of the country being present. The convention will remain in session probably until Jan. 30, on which date the miners and operators of the central competitive field will meet in conference to discuss the revival of the interstate wage agreement. Should the operators decline to meet with the miners the convention will then determine upon the organization's future course. Except this little of importance will come before the convention, which is of especial interest as marking the official retirement of President Mitchell, who has been at the head of the organization for nine years.

LARGE SUM SUED FOR.

Chief of Police Ellis, Other Officers and City Are Defendants.

Houston, Jan. 21.—Suit for \$100,000 damages has been filed against the city of Houston, George Ellis, chief of police, and other officers, in which sensational allegations of brutality and rowdism are made in connection with the search of a private dwelling, for alleged stolen property. Indecent pictures of nude women are alleged to have been shown the girl by an officer, accompanied by suggestive remarks.

LITTLE CONSOLATION.

Each Gets Year's Sentence and Fined Five Thousand Dollars.

Columbus, O., Jan. 21.—Three ice dealers of Toledo—R. C. Lemon, R. C. Beal and J. A. Miller—who were sent to the workhouse as a punishment for forming an ice trust, got little consolation in the decision of the supreme court in the cases, the court interfering with the sentences only so far as to hold they should have been sentenced to jail instead of the penitentiary, and they were sent back to be resented. They were given a year's sentence and fine of \$5,000.

NECK BROKEN.

George Ryan Has Head Caught in Oriental Hotel Elevator.

Dallas, Jan. 21.—George Ryan, a well known resident of this city, lost his life in the Oriental hotel Tuesday morning. RANDELL AND DALZELL.

Texan and Pennsylvanian Have a Sharp War of Words.

Washington, Jan. 21.—Sharp colloquy occurred in the house Tuesday between Representatives Randall of Texas and Dalzell of Pennsylvania. Mr. Randall was speaking on the proposed amendment to the penal code bill, and upon being interrupted by Mr. Dalzell, retorted he did not desire to be interfered with by any man who represented a corporation. Mr. Dalzell repeated the remark, but upon Mr. Randall's disavowing any personal application the incident closed.

Montgomery, Jan. 21.—At a meeting of the city council an ordinance was adopted to prohibit the use of any picture of any woman, nude or partly so, or in any attitude other than one of modesty, on any bottle of intoxicants or shown in any barroom. SHAMEFUL TREATMENT.

Austrian Immigrants Taken Into a Canebrake and Robbed.

New Orleans, Jan. 21.—The attention of state immigration officials has been called to another case in Austrian immigrants are alleged to have been made subjects of cruel treatment. Last Sunday morning the secretary of state immigration office here sent out from this city five Austrian immigrants to a planter in Last Feliciana parish. Monday the immigrants returned to this city without baggage or money. They say that a negro met them at the railroad station and represented himself as an employe of the planter by whom they had been engaged. He drove them in a wagon into the canebrakes, where several other negroes were waiting. The negroes then robbed them of all their funds, and baggage and deserted them. They finally made their way back to the railroad and reached New Orleans in a destitute condition.
